# WHAT MAKES A HYUNDAI?

Incredibly rigorous, demanding and relentless quality assurance testing programs. That's what. After all, to sell more than 5 million vehicles a year around the world, our engineers and designers need to deliver a top quality product with the perfect combination of efficiency, craftsmanship and engaging drive that is truly world-class. What you may not know is that Hyundai takes unprecedented steps, pushing beyond the old, conventional way of doing things to deliver New Thinking, so we can provide you with New Possibilities.

Better crash safety requires stronger steel. Precise handling requires stiffer steel. And fuel efficiency requires lighter steel. How do you find steel that lives up to such stringent demands? If you're Hyundai, you become the only major automaker to make it yourself. New thinking is what happens when our vehicle engineers and metallurgists work side-by-side.

But making steel is only part of the story. World-class vehicles need world-class design that pushes the industry forward. Hyundai's three design centres – in Korea, the U.S. and Europe – compete against each other for the right to bring you new vehicles. The result of that competition is remarkable aerodynamic designs that not only stand out, but also improve fuel efficiency. On the inside, our fanatical dedication to perfection delivers interior cabins that are comfortable, intuitive and ergonomic.

We want you to feel confident because we are. We can back our vehicles with a 5-year/100,000 km Comprehensive Limited Warranty<sup>†</sup> because they have been tested across the world in the most extreme driving conditions imaginable. To deliver the durability and reliability you demand, our vehicles endure cold weather and extreme heat testing in areas like Canada's Arctic and our proving grounds in the Mojave Desert. Some are even tested on Germany's world-famous Nürburgring circuit. Our expert drivers test, tune, retest, and retune Hyundai vehicles to not only endure, but to deliver a rewarding driving experience that you can count on, kilometre after kilometre.

We do this – and more – because we want to exceed your every expectation. That's the Hyundai difference.

2.0T Sport Ultimate model shown.

## CONFIDENCE WITHOUT COMPROMISE

The 2017 Sonata was designed to give you a sense of discovery, excitement and confidence from the moment you get behind the wheel. The expressive exterior embodies our signature Fluidic Sculpture 2.0 design philosophy for a level of refinement and beauty that captivates attention. Engineered using our Advanced High Strength Steel, the highly rigid chassis and finely tuned suspension of the Sonata deliver exceptional handling and ride comfort. Finally, the intuitive and driver-oriented cabin is equipped with a broad array of available advanced safety technologies that allows you to embrace your journey with peace of mind.

# STRONG AND SOPHISTICATED

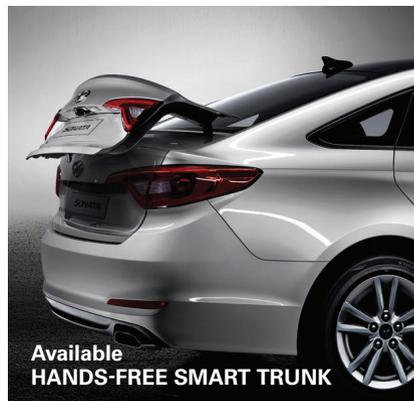

2.0T Sport Ultimate model shown.

The strong and sophisticated design of the 2017 Sonata features advanced lighting technology and modern lines. A commanding hexagonal front grille is the focus up front, framed by swept-back headlights and standard LED daytime running lights. From the side, a bold character line spans the length of the vehicle and connects with the available LED tail lights at the rear.

More aggressive design elements can be found on the Sonata 2.0T Sport Ultimate model. Standard 18" aluminum alloy wheels and quad exhaust outlets integrated into a unique rear diffuser deliver a striking, athletic stance.

## DRIVER-CENTRIC DESIGN

By applying the results of thorough research into ergonomics, our engineers and designers have delivered a driver-oriented cabin intuitively laid out for comfort and convenience. Consider the T-shaped centre-stack layout that is optimally positioned to help you keep your eyes on the road, or the steering wheel-mounted controls that are grouped by function for simpler interaction. Stay connected hands-free with the standard Bluetooth® phone system and seamlessly access many of your phone's great features with available Apple CarPlay™ and Android Auto™ connectivity on models equipped with the available 8.0" touch-screen navigation system.

## DRIVING DYNAMICS IN HARMONY

The 2017 Sonata was fine-tuned and put to the ultimate test on Germany's demanding Nürburgring racing circuit. This punishing process allowed us to craft a vehicle that strikes an ideal balance between handling performance and ride comfort. Under the hood, the standard 2.4L Gasoline Direct Injection (GDI) 4-cylinder engine delivers 185 horsepower. Drivers seeking greater thrust can opt for an available twin-scroll turbocharged 2.0L GDI engine producing 245 horsepower and 260 lb-ft of torque. Both engines offer impressive responsiveness and efficiency thanks to the standard 6-speed automatic transmission with SHIFTRONIC® manual mode.

# INNOVATIVE SAFETY

The body of the 2017 Sonata was constructed using Advanced High Strength Steel forged in our own steel mill for exceptional stiffness and rigidity to deliver enhanced driving dynamics and occupant protection. The safety of the ultra rigid frame is coupled with standard equipment such as seven airbags<sup>1</sup>, including a driver's knee airbag for added protection, and a rearview camera for extra ease while reversing. There is also an array of available driver assistance and situational awareness technologies that will provide visual and audible alerts when needed to inform you of potential driving dangers along your journey.

## AUTONOMOUS EMERGENCY BRAKING WITH PEDESTRIAN DETECTION<sup>2</sup>

This available safety innovation uses a forward camera and radar sensors to detect rapid closing speeds to the vehicle ahead or pedestrians in your path. If a potential forward collision is detected, audible and visual warning notifications alert the driver. If the driver does not react to avoid the impact, the system can provide full braking assistance at speeds under 80 kilometres per hour (vehicle detection) or 64 kilometres per hour (pedestrian detection) to help avoid a potential collision.

## BLIND SPOT DETECTION WITH LANE CHANGE ASSIST<sup>3</sup>

Blind Spot Detection (BSD) uses radar to detect when a vehicle is in the driver's blind spot and provides both an audible and visual alert to help keep you aware as you drive. Working in conjunction with BSD, Lane Change Assist measures the closing speed of traffic approaching in adjacent lanes to help determine if a lane change is safe.

## LANE DEPARTURE WARNING SYSTEM<sup>4</sup>

Drift outside your lane without signalling and this available system is designed to inform you with audible and visual cues.

## ADAPTIVE CRUISE CONTROL<sup>5</sup>

For added safety, the available Adaptive Cruise Control (ACC) system automatically and continuously adjusts your pre-set driving speed to maintain a pre-determined distance from the vehicle ahead. In stop-and-go traffic, ACC can even bring the vehicle to a complete stop and then accelerate again, when appropriate, without driver input.

Hybrid model shown.

## HYBRID EFFICIENCY

The 2017 Sonata Hybrid and 2017 Sonata Plug-in Hybrid showcase Hyundai's commitment to developing advanced, environmentally conscious technologies that help reduce automotive pollution. The 2017 Sonata Hybrid offers a full-parallel hybrid drive system that can run on a gasoline internal combustion engine, an electric motor, or both.

Powered by a 2.0L engine with class-exclusive GDI technology\* and a 38kW electric motor, the Sonata Hybrid delivers a net output of 193 horsepower – with a total estimated range of over 1,100 km on a single tank of gas. No matter where you are going, you'll get there with power and efficiency in the Sonata Hybrid.

Plug-in Hybrid model shown.

# PLUG-IN TECHNOLOGY

With a larger battery that can be plugged in and charged in under 3 hours\*, the 2017 Sonata Plug-in Hybrid is capable of travelling up to 43 km on electric power alone. Once the electric-only range is depleted, the Sonata Plug-in Hybrid reverts to operate like the traditional Sonata Hybrid, on a full-parallel hybrid drive system.

## What does this mean to you and your commute?

### TO WORK:

The advanced technology allows you to enjoy gas-free commuting during the week. By travelling up to 43 km on electric power, you can easily charge the battery at home overnight, or at work during the day using a standard household 120V outlet. The Sonata Plug-in Hybrid can be charged in under 3 hours\*.

### FOR LONGER ROAD TRIPS:

The Sonata Plug-in Hybrid gives you the flexibility to travel as far as you want without being worried about a plug-in station. With the full-parallel hybrid drive system, once the electric range is expended, it begins to run on a gasoline internal combustion engine, an electric motor, or both, creating the perfect blend of power and efficiency.

# 2017

## SONATA MODEL SUMMARY AND COLOURS

### 2.4 GL STANDARD EQUIPMENT INCLUDES:

2.4L GDI I4 (185 hp, 178 lb-ft)	Remote keyless entry with alarm
6-speed automatic transmission	60/40 split-fold rear seats
Drive Mode Select	Heated front seats
7 airbags including driver's knee	Tilt-and-telescopic steering column
Cruise control	Steering wheel-mounted audio and telephone controls
16" aluminum alloy wheels	6-way manually-adjustable front seats (incl. height)
LED daytime running lights	5.0" colour touch-screen audio display
Black cloth seating surfaces	Rearview camera
Power windows with driver's auto up/down	Bluetooth® hands-free phone system
Heated, power-adjustable side mirrors	6-speaker AM/FM/SiriusXM™/CD/MP3 audio system
Air conditioning	iPod®/USB/Auxiliary connectivity
Automatic headlights	

### 2.4 GLS INCLUDES 2.4 GL STANDARD EQUIPMENT PLUS:

LED side mirror turn signal repeaters	Heated rear seats
Power sunroof	8-way power-adjustable driver's seat with adjustable lumbar
Proximity keyless entry with push-button ignition	Dual-zone automatic climate control
Hands-free Smart Trunk	Rear parking assistance sensors
Heated steering wheel	Blind Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert
Leather-wrapped steering wheel and gear shift knob	
Chrome door handles with welcome lights	

### 2.4 SPORT TECH INCLUDES 2.4 GLS STANDARD EQUIPMENT PLUS:

8.0" touch-screen navigation system	Windshield wiper de-icer
Apple CarPlay™ and Android Auto™ connectivity	17" aluminum alloy wheels
7-speaker Dimension® audio system	Dual exhaust outlets and deluxe side sills
LED tail lights	Artificial leather door trim inserts
Cloth/leatherette seats	Sport appearance front fascia
Panoramic sunroof	

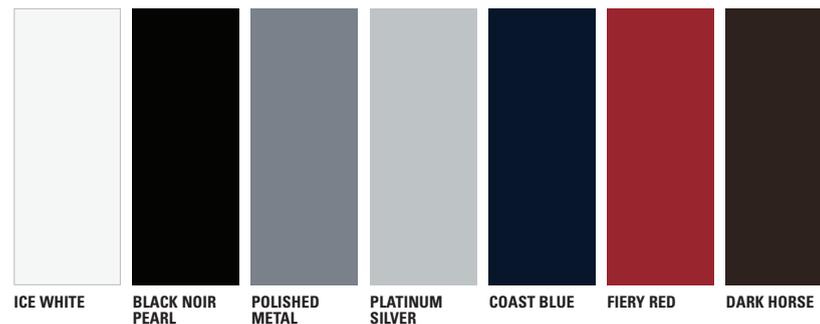

### 2.4 LIMITED INCLUDES 2.4 SPORT TECH STANDARD EQUIPMENT PLUS:

Bi-Xenon HID headlights with Adaptive Cornering System and High Beam Assist	6-way power-adjustable passenger's seat
Leather seating surfaces, leather-wrapped instrument cluster	9-speaker Infinity® audio system
Adaptive Cruise Control with stop-and-go capability	4.2" TFT LCD instrument cluster display (Supervision)
Autonomous Emergency Braking with Pedestrian Detection	Driver's Integrated Memory System
Lane Departure Warning System	Aluminum door scuff plates
Electronic Parking Brake with vehicle Auto Hold	Rear console air vents
Ventilated front seats	Rear side window sun shades
	Auto-dimming rearview mirror with integrated HomeLink® transceiver and compass

### 2.0T SPORT ULTIMATE INCLUDES 2.4 LIMITED STANDARD EQUIPMENT PLUS:

Turbocharged 2.0L GDI I4 (245 hp, 260 lb-ft)	Sport-type instrument cluster
Quad exhaust outlets	18" aluminum alloy wheels
2.0T Sport appearance package	Aluminum pedals
Sport-tuned suspension	Heated D-cut steering wheel with paddle shifters
Sport leather seats with embossed 'Turbo' logo	

### EXTERIOR COLOURS

### INTERIOR COLOURS

## SONATA HYBRID MODEL SUMMARY AND COLOURS

### SONATA HYBRID

#### STANDARD EQUIPMENT INCLUDES:

2.0L "Nu" GDI 4-cylinder engine + 38 kW electric motor  
 6-speed automatic transmission  
 Drive Mode Select  
 7 airbags including driver's knee  
 Blind Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert  
 Cruise control  
 Windshield wiper de-icer  
 Dual-zone automatic climate control  
 16" aluminum alloy wheels  
 LED daytime running lights  
 LED tail lights  
 LED side mirror turn signal repeaters  
 Power windows with driver's auto up/down  
 Heated side mirrors

Proximity keyless entry with push-button ignition  
 Hands-free Smart Trunk with automatic opening  
 Door handle welcome lights  
 Automatic headlights  
 Cloth seating surfaces  
 Heated front seats  
 Heated steering wheel  
 Leather-wrapped steering wheel and shift knob  
 5.0" colour touch-screen audio display  
 Rearview camera  
 Bluetooth® hands-free phone system  
 6-speaker AM/FM/SiriusXM™/CD/MP3 audio system  
 iPod®/USB/Auxiliary connectivity  
 4.2" colour TFT LCD trip computer display

### SONATA HYBRID LIMITED

#### INCLUDES SONATA HYBRID STANDARD EQUIPMENT PLUS:

17" aluminum alloy wheels  
 Panoramic sunroof  
 High-gloss window surrounds  
 LED interior lighting

8.0" touch-screen navigation system  
 7-speaker Dimension® premium audio system  
 Leather seating surfaces  
 Heated rear seats

### SONATA HYBRID ULTIMATE

#### INCLUDES SONATA HYBRID LIMITED STANDARD EQUIPMENT PLUS:

6-way power-adjustable passenger's seat  
 9-speaker Infinity® premium audio system  
 Driver's Integrated Memory System  
 Ventilated front seats  
 Bi-Xenon HID headlights  
 High Beam Assist

Adaptive Cruise Control  
 Electronic Parking Brake with vehicle Auto Hold  
 Forward Collision Warning  
 Lane Departure Warning System  
 Rear parking assistance sensors

### SONATA PLUG-IN HYBRID

#### INCLUDES SONATA HYBRID ULTIMATE STANDARD EQUIPMENT PLUS:

2.0L "Nu" GDI 4-cylinder engine + 50 kW electric motor  
 Charging cable (120V)  
 Plug-in charging port

**The following items are not included in the Sonata Plug-in Hybrid:**  
 Panoramic sunroof  
 60/40 split-fold rear seats

## EXTERIOR COLOURS

## SONATA & SONATA HYBRID ACCESSORIES

### MUD GUARD KIT

Custom-fit mud guards help keep the dirt and debris of everyday driving where it belongs. Not available on Sonata Hybrid or Plug-in Hybrid models.

### BLOCK HEATER

Engineered for your Hyundai, a block heater will help ensure fast starts and reduce engine wear in extreme weather.

### CARGO TRAY

Add years to the interior of your Hyundai by protecting it from spills and messy loads with a durable, custom-fit cargo tray. Not available on Sonata Hybrid or Plug-in Hybrid models.

### PLASTIC HOOD PROTECTOR

Help prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

### PREMIUM ALL-WEATHER FLOOR LINERS

Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

### HYUNDAI WARM-UP SYSTEM

Keep the inside of your car warm in winter months without using a drop of fuel! The Hyundai Warm-Up System includes an interior cabin heater and a fully programmable display unit, as well as an integrated battery charger.

### ACCESSORY FRAME

An accessory frame makes it quick and easy to attach hitch-mounted cargo equipment, such as bike and ski racks. Frame not intended for towing. Not available on Sonata Hybrid or Plug-in Hybrid models.

### SIDE VISORS

Complement your vehicle with a sleek and durable set of side visors that will help reduce glare while providing you with fresh air. Custom made for your vehicle using high quality reinforced tinted acrylic plastic, these visors will look good on your vehicle for years to come.

**HYUNDAI**

NEW THINKING.  
NEW POSSIBILITIES.®

<sup>TM</sup>®The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned by Hyundai Auto Canada Corp.. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. <sup>1</sup>Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. <sup>2</sup>Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. <sup>3</sup>The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a child-seat in the front seat of a Hyundai vehicle. <sup>4</sup>Autonomous Emergency Braking (AEB) is designed to detect vehicles that are directly in front of the vehicle. AEB will not detect all vehicles and objects. AEB may not work on winding or hilly roads, during certain weather conditions such as rain, snow, fog and any other times of limited visibility. AEB initiates full braking at speeds between 8 and 80 km/h (vehicle detection) or 8 to 64 km/h (pedestrian detection). AEB will not detect all pedestrians under certain conditions. See Owner's Manual for detailed descriptions of example conditions in which AEB may not detect a pedestrian. AEB is not a substitute for safe driving. Always check your surroundings when driving. See Owner's Manual for further details and limitations. <sup>5</sup>Never rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. <sup>6</sup>The Lane Departure Warning System operates when vehicle speed exceeds 70 km/h and only when the lane markings are clearly visible on the road and detected by the system. It will not prevent loss of control. See Owner's Manual for further details and limitations. <sup>7</sup>Adaptive Cruise Control (ACC) with stop/start capability is not a collision avoidance or warning device. ACC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. Acceleration after the vehicle comes to a complete stop will only occur when the vehicle has been stopped for less than three seconds. See Owner's Manual for further details and limitations. <sup>8</sup>Android Auto™ is compatible with Android phones running Android Lollipop or newer. Android Auto may not be available on all devices and is not available in all countries or regions. Additional apps may be required. Visit [www.android.com](http://www.android.com) for further details and any applicable limitations. Android and Android Auto are trademarks of Google Inc.. <sup>9</sup>Apple CarPlay™ works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. CarPlay™ may not be available on all devices and may not be available in all countries or regions. Visit [www.apple.com](http://www.apple.com) for further details and any applicable limitations. Apple, Apple CarPlay and iPod are trademarks of Apple Inc.. The SiriusXM™ name is a trademark of SiriusXM Satellite Radio Inc.. Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.. HomeLink® is a registered trademark of Johnson Controls Inc.. Infinity® is a registered trademark of Harman International, Inc.. All other trademarks and trade names are those of their respective owners. <sup>10</sup>Claim based on Global Automakers of Canada segmentation for the intermediate hybrid sedan segment. <sup>11</sup>With level 2 (240 V) charging station. Not included.
